ANDERSONIAN

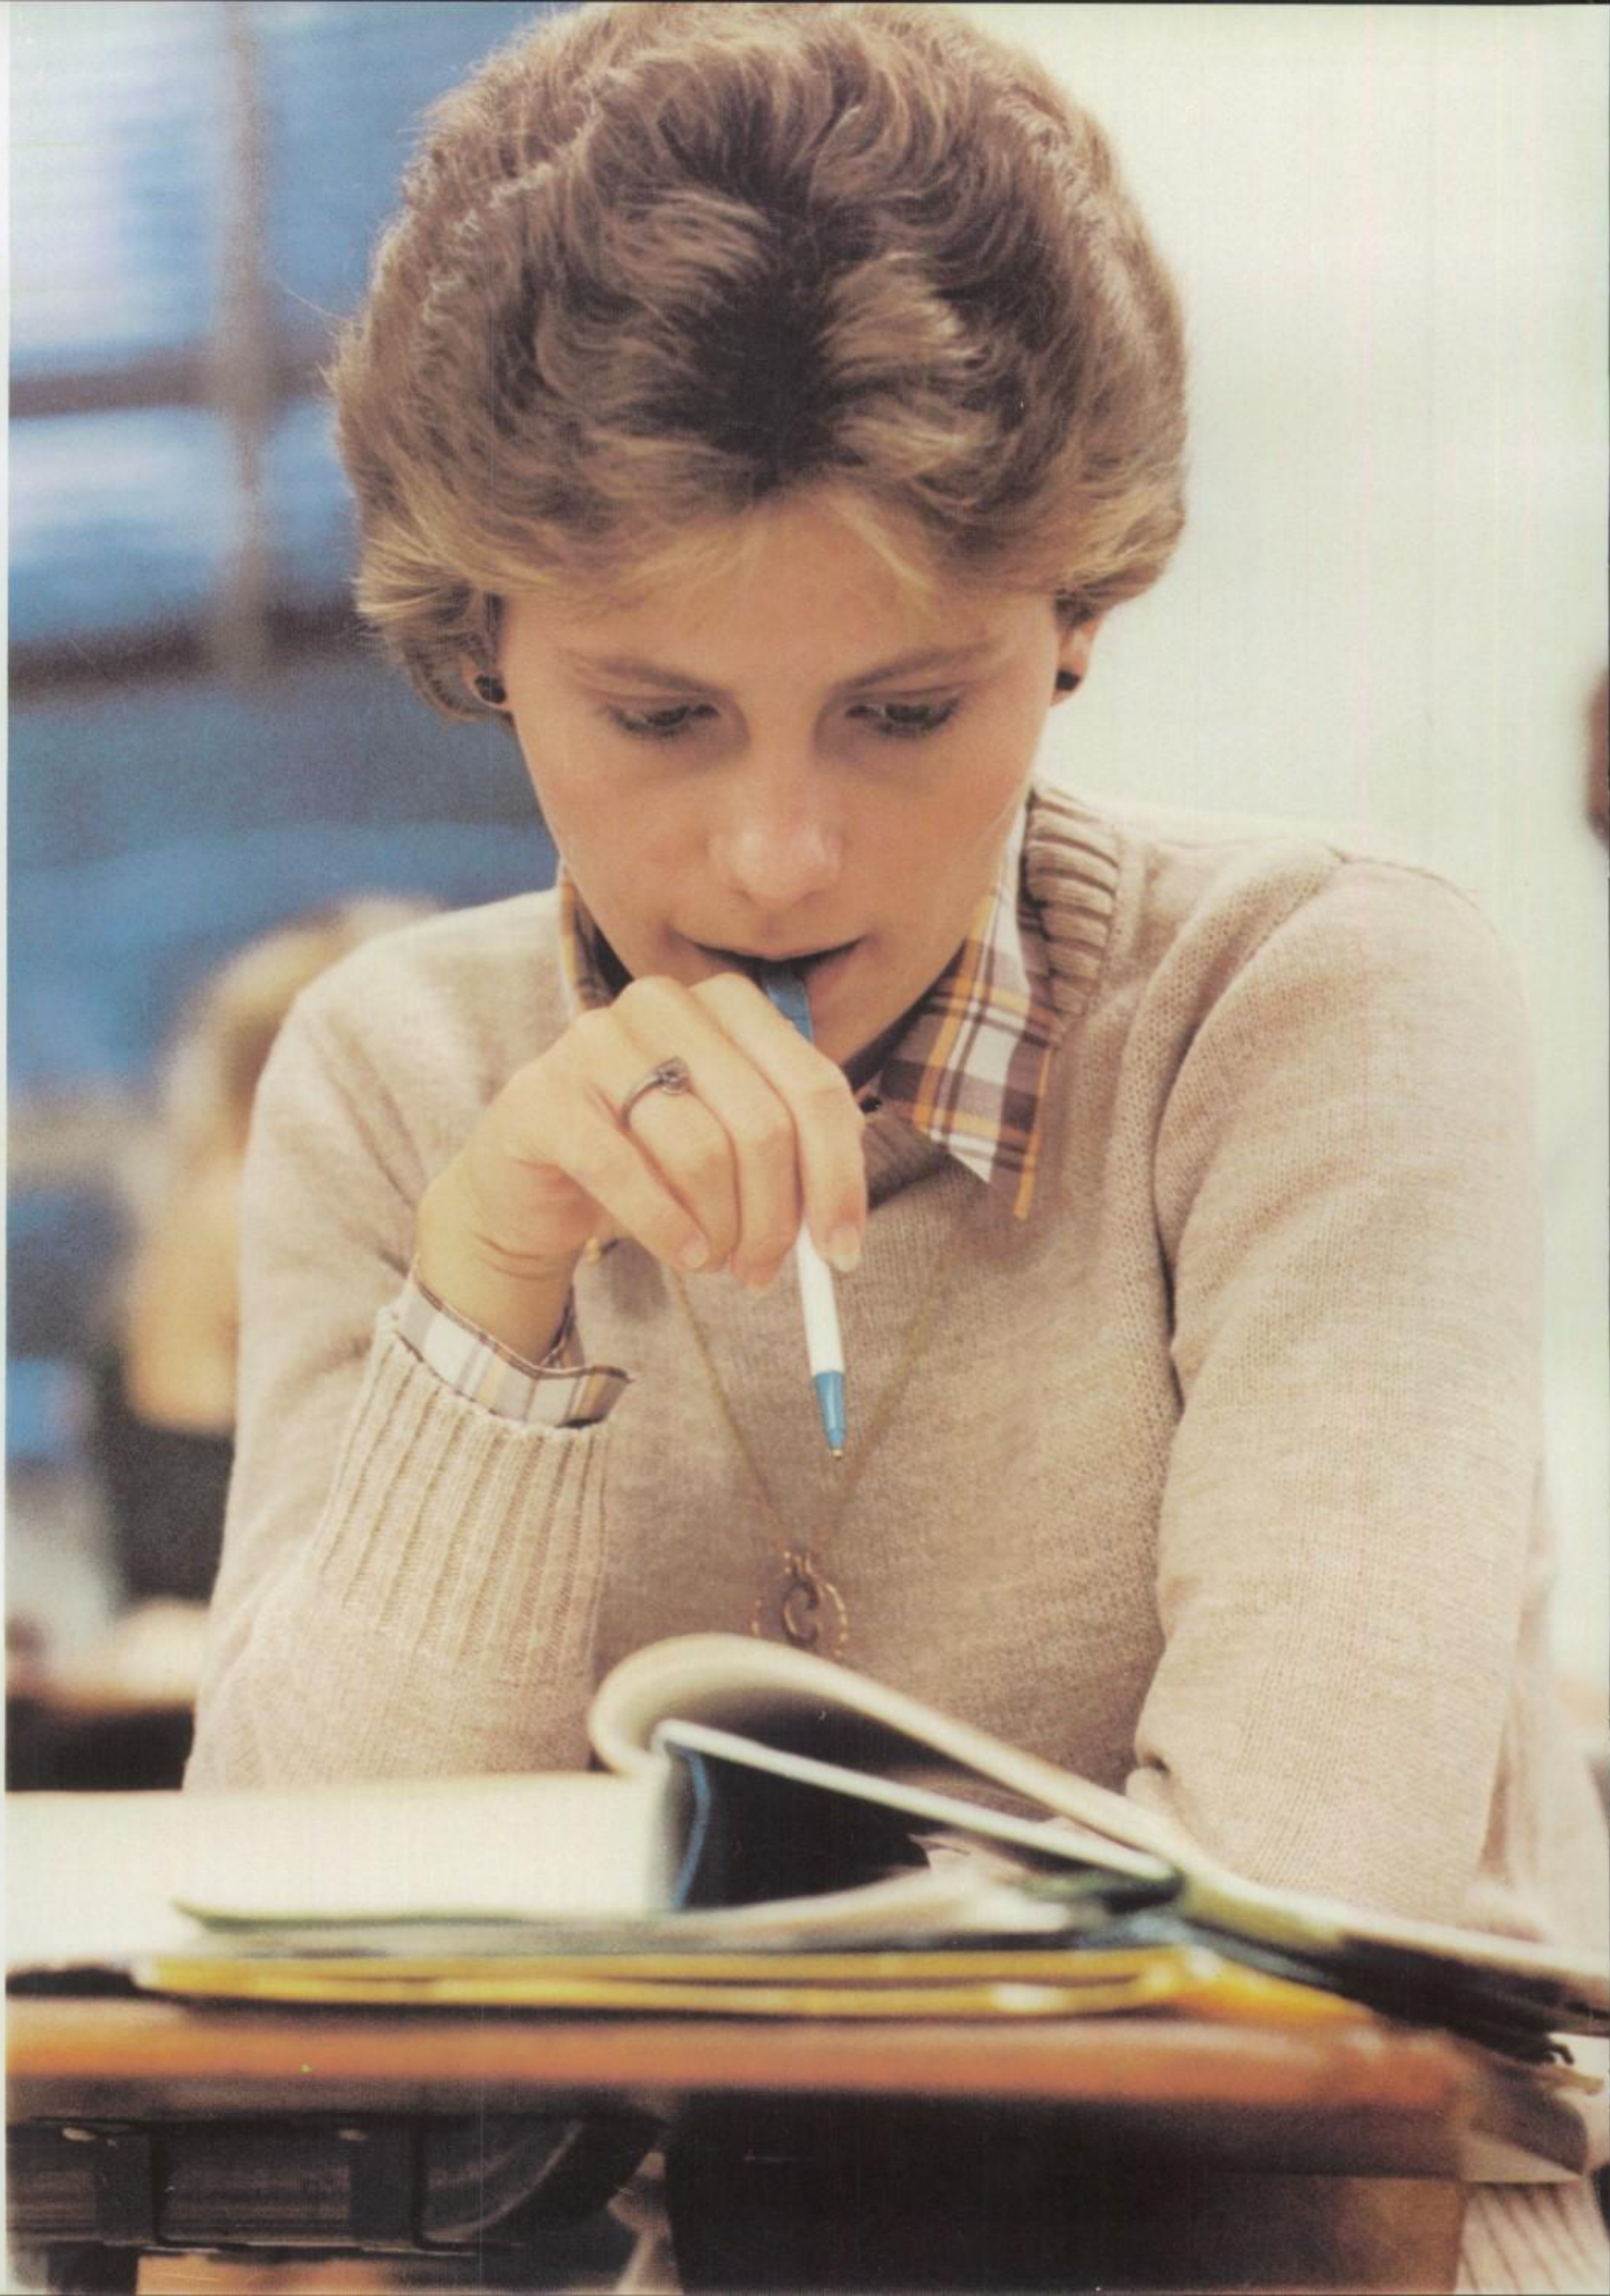

Our Year . . .

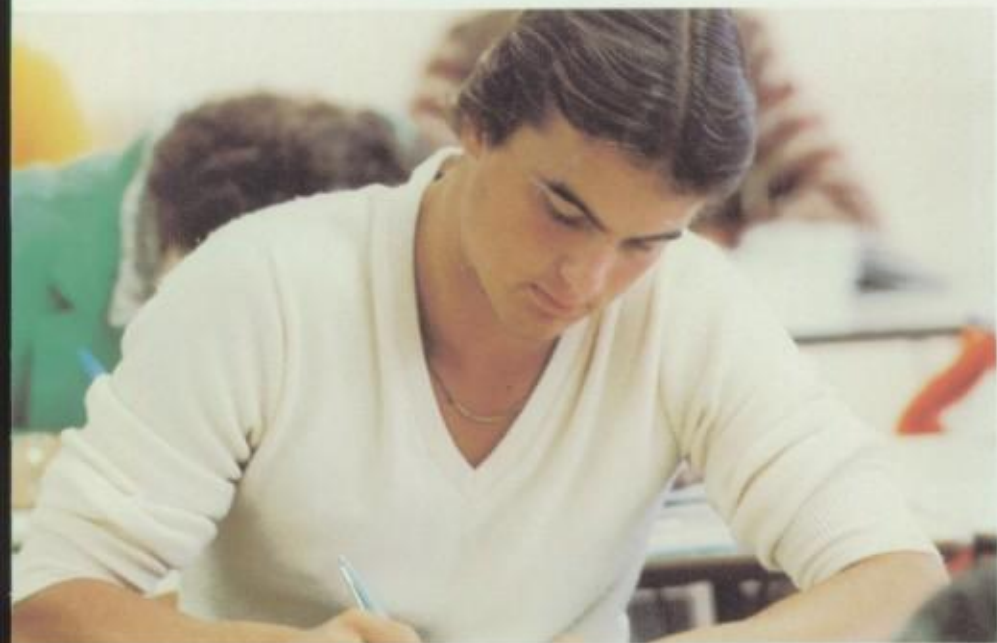

We Made It Happen

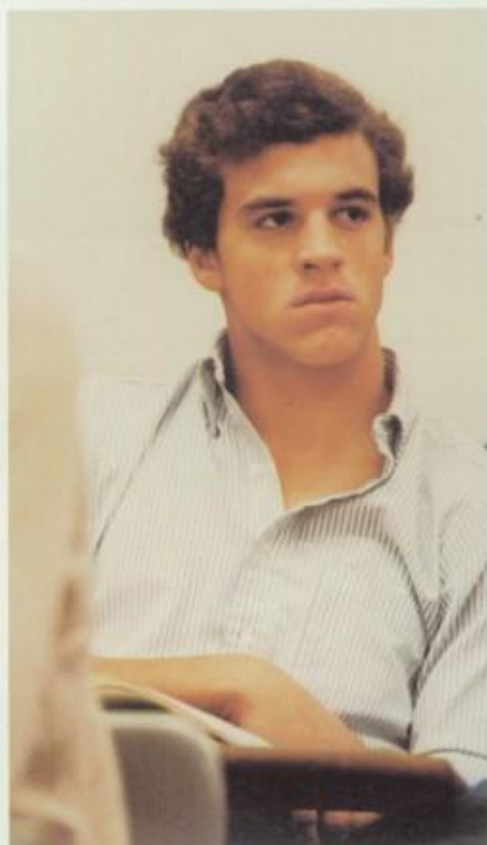

Anderson High School • Cincinnati, Ohio • Volume 53

1983 Andersonian

OUR YEAR ... WE MADE IT HAPPEN. Even the first day of school was filled with many happenings: I.D. pictures, finding new classrooms, remembering the old, greeting old friends, and starting new friendships. The Marching Band and the fall sports teams were well into their practicing, and the student body was looking forward to creative musical half-time shows and exciting athletic events. We were wondering what our teachers and classes would have in store for us: tests, term papers, and lots of homework.

Chris Noschang scans paragraph after paragraph, looking for the correct passage; Reed Johnson puts much effort into his essay; Scott Noll knows that participation is an important part of his grade, as he raises his hand to answer a question; Michelle Geraci and Scott Ohnmeis look pensive as they listen to class discussions; Field Commander Darla Riggs, Mr. Martin, and the Flags Corps await the start of the half-time show; Julie Holmes and Renee Bussman tell Gina Schmidt to hurry with the chocolate syrup; Shelly Cooper thinks about her transfer to Amelia High School.

OUR YEAR . . . WE MADE IT HAPPEN. We enjoyed Homecoming highlighted with the crowning of Queen Dawn. At Pep Assemblies we cheered for our male cheerleaders and watched faculty members slide across the gym floor. We saw the sophomores emerge as victors in the float competition with "Jaws." We were behind the Redskin Football Team 100% as they beat Turpin, our arch-rivals. We were proud of our 10 National Merit Semi-Finalists and the many scholarship winners among the senior class. We all went to a Beach Party to see Darla Riggs crowned as Band Sweetheart.

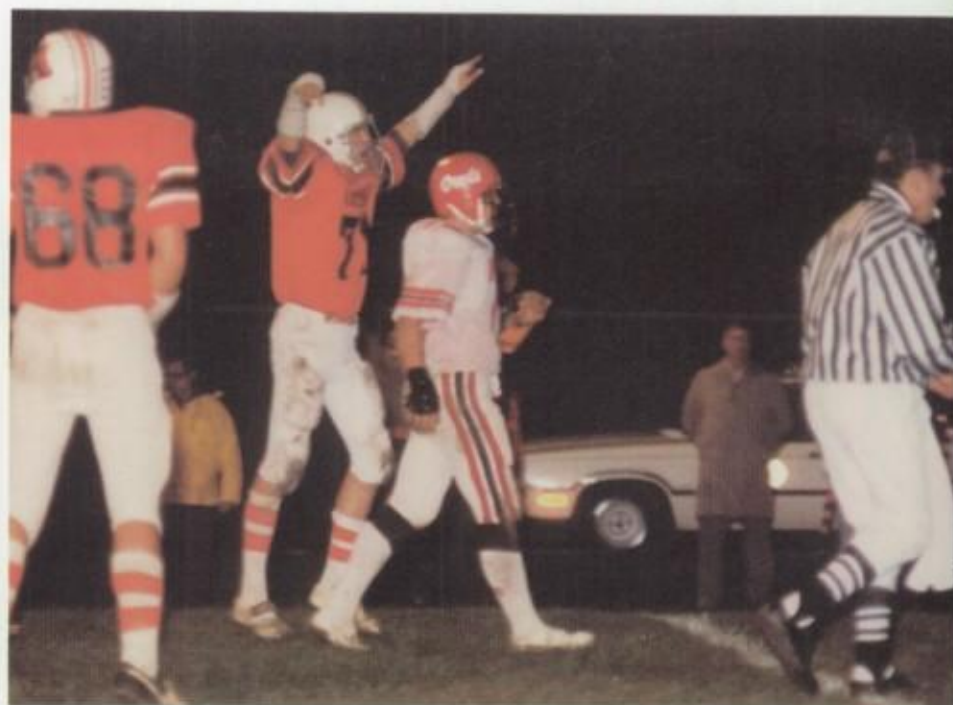

Parents and students brave a wet Homecoming football game; Jack Rothel and Vic Pramaggiore listen to a lecture in English class; showing his culinary skills, John Mederer prepares an omelet; Tony Diana and Julie Seymour enjoy an autumn walk through the courtyard; before homeroom Karen Gibson spends some time in the Main Lobby; Eddie Paxton and Sue Lomax makes plans for the day; Kim Helton and Gary Denton get psyched up for physics.

OUR YEAR . . . WE MADE IT HAPPEN. We watched our own stage veterans in the comedy *The Man Who Came To Dinner*. We got into the Christmas spirit as we got out of class to attend the annual vocal/instrumental music assembly. That spirit carried over to the always popular Christmas Formal. In the winter, we enjoyed basketball, and the Sadie Hawkins Dance. In spring we looked forward to the musical and graduation.

The Redskins are pitted against the Mt. Healthy Owls; on a warm fall day, the students enjoy crossing through the courtyard; in various stages of study and concentration are (clockwise) Amy Angus, Jeff Wireman, Debbie Simone, Chris Leinberger, Jerome Black, Lori Korona, and Dana Harmon; Andy Volpenhein and Dan Beck carefully measure the results of their chemistry experiment.

Andersonians: Low Supply, High Demand

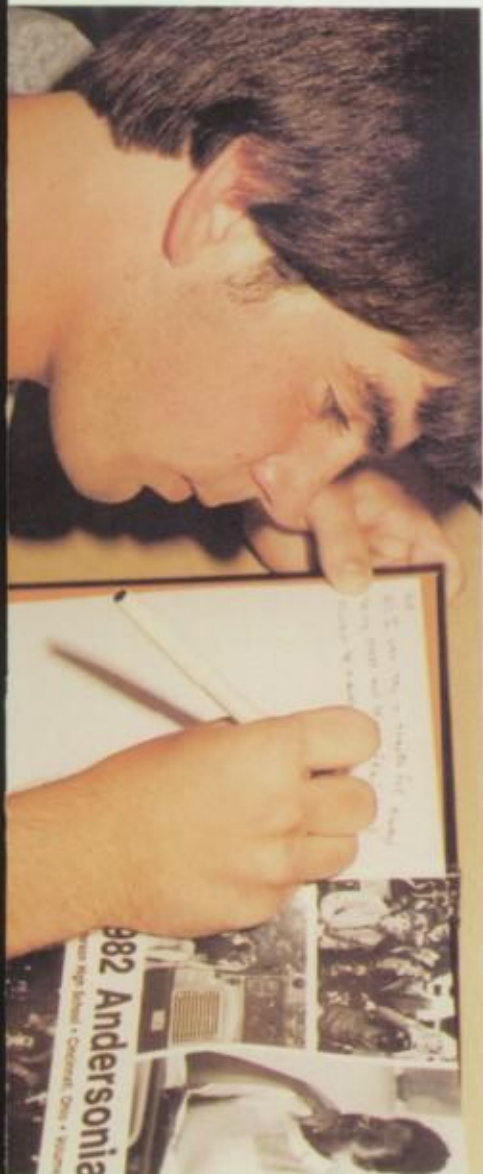

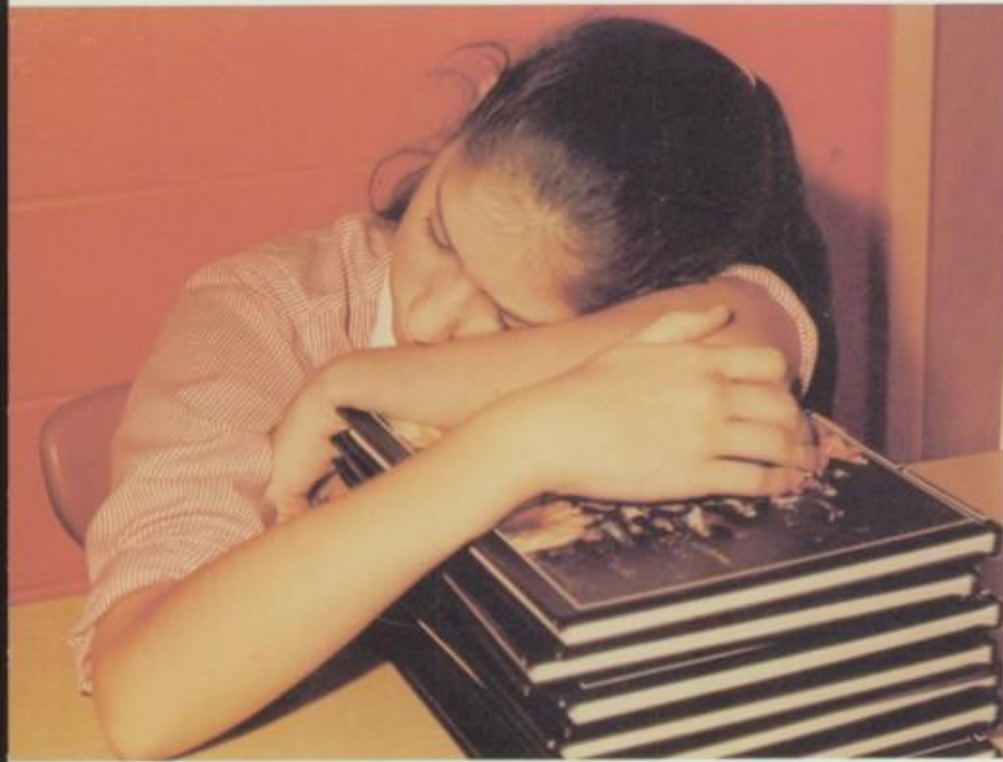

Yearbook Party

This year's Yearbook Distribution Party was held on Wednesday, September 29, in Anderson's cafeteria from 4:00 to 5:30 P.M. Hundreds of familiar faces showed up to sign and write graffiti in their classmates' *Andersonians*.

With front and back covers full of color pictures, the *Andersonians* were like gold. Only 20 extra copies

were available to a waiting list of over 80 people.

Staff members devoted their time from 2:00 until 4:00 setting up tables and getting the yearbooks ready for distribution. The staff then worked from 4:00-5:30 checking identification, receiving signatures, and distributing the books to an awaiting student body.

Erica Pfeiffer, freshman staff member, takes a rest from passing out dozens of *Andersonians*; staff members Ruth Deng and Rhonda Miller are glad the lines have subsided so they too will have a chance to sign yearbooks; a smirk appears on the face of Linda Leimenstoll as she reads a friend's message in her yearbook; Bryan Bitner puts a lot of thought into what he writes; feeling like a celebrity, Lisa Beineke is happy to sign another autograph; Steve Green has to hold his book upside down in order to read a friend's message.

With a giant pen in hand, Lauren Lowe pauses a moment to think of what else to add to her message.

Redskins Get Psyched For Owls

Pep Assembly

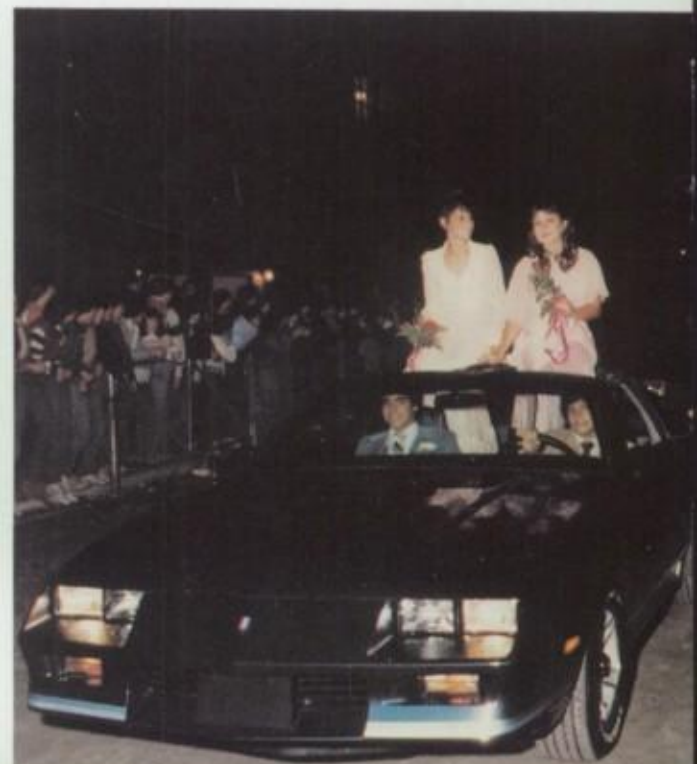

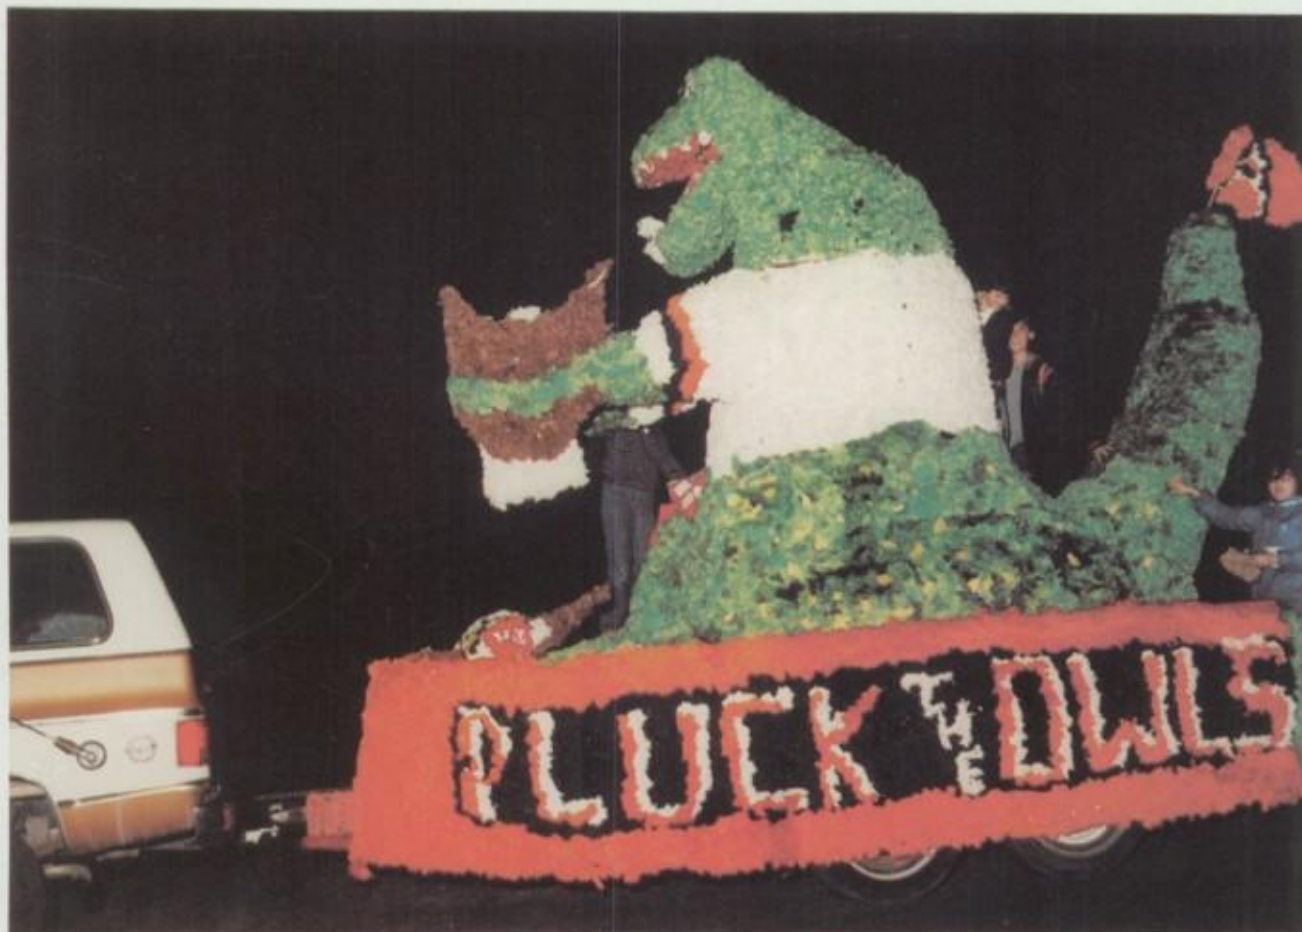

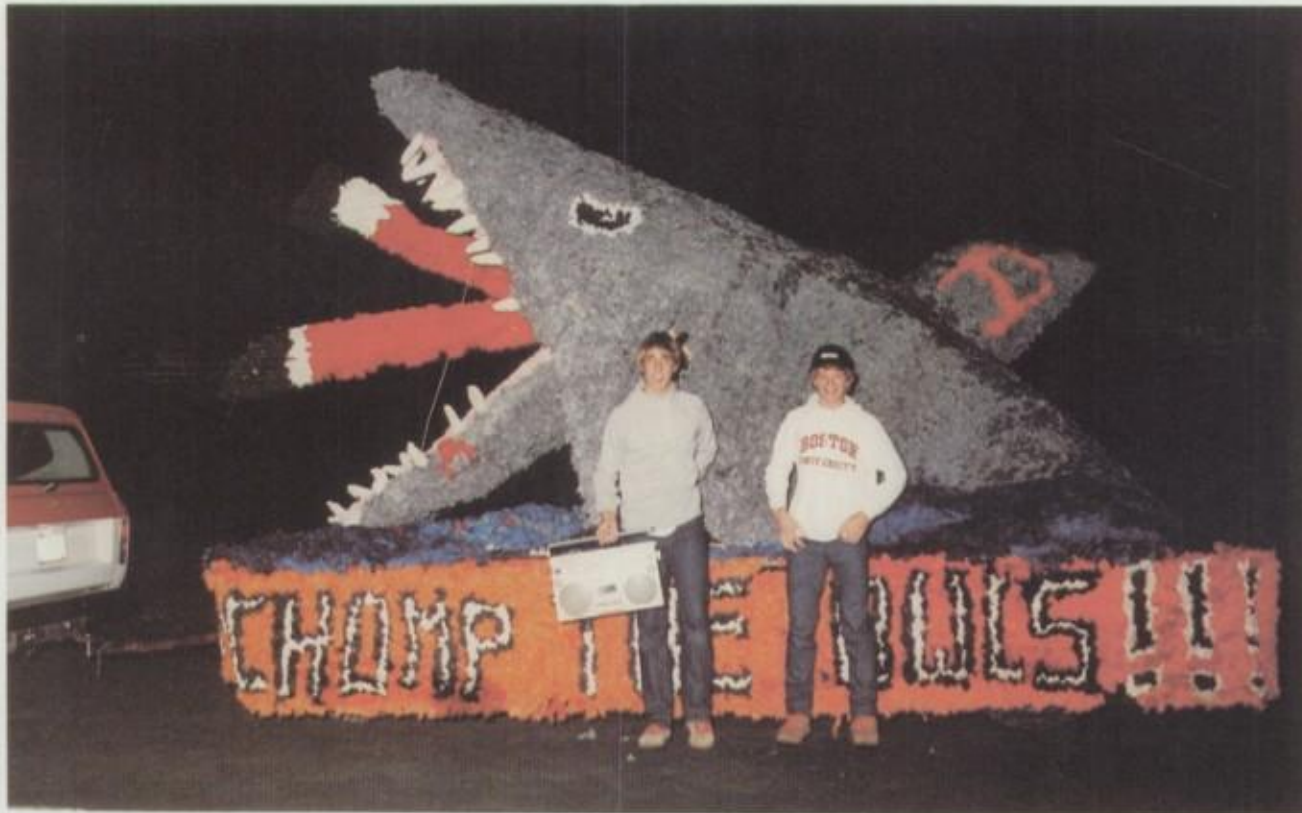

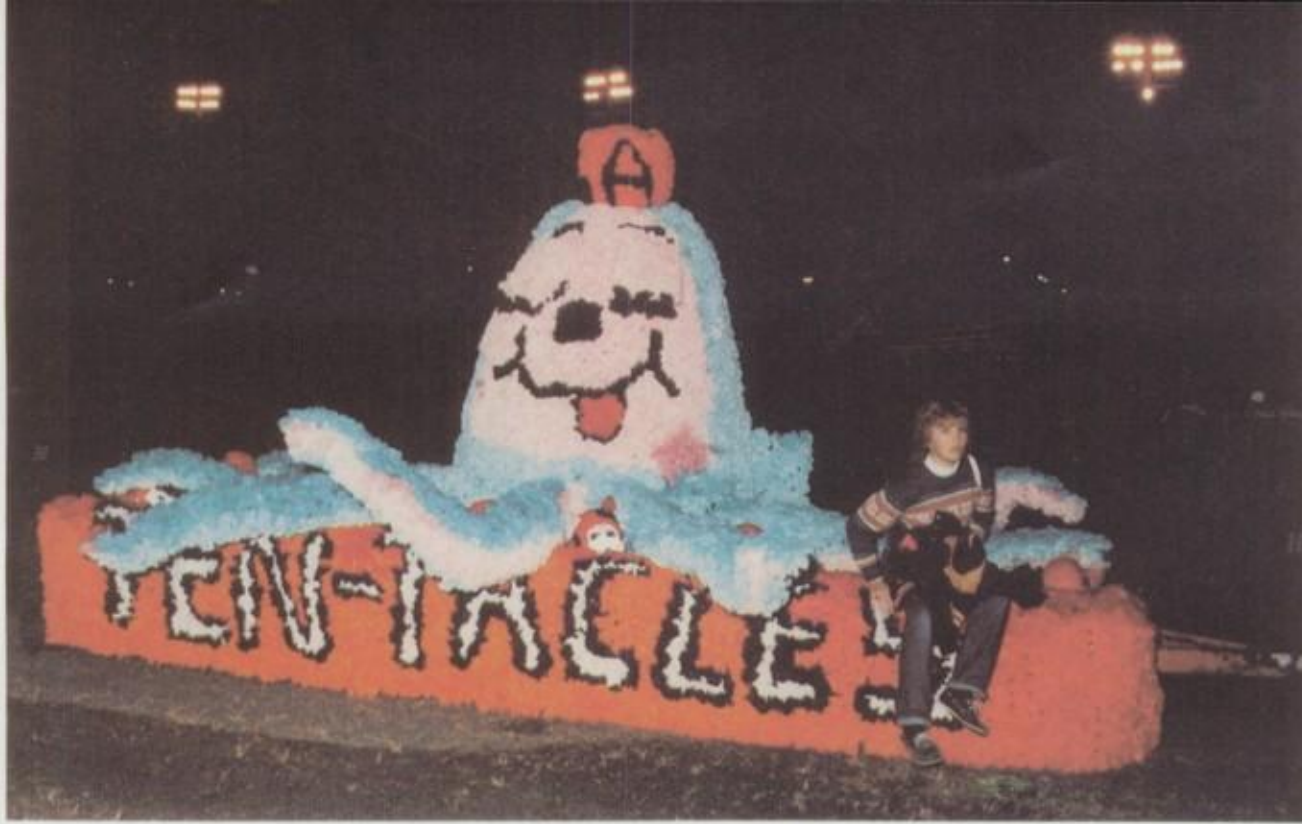

To get the students and football players charged up for the Homecoming game and dance, a Pep Assembly, with Randy Corbitt as emcee, was held in the gymnasium. The highlights included the introduction of the Homecoming Court and a scooter race among four of the fall sports coaches: Mr. Wolf, Mr. Philpott, Mr. Lutterbie, and Mr. Shields. The coaches were to lie with their

stomaches on the scooters and push with their hands. Mr. Philpott won one of the races and Mr. Wolf won a race. To add to the excitement, we had some rather handsome cheerleaders with very deep voices. Of course we also had our loyal cheerleaders to help the classes battle out who had the most spirit. The seniors ranked #1.

Mr. Philpott wins the scooter race; the "girls" may not wear their feelings for the team on their sleeves, but the message is still obvious; the seniors' active cheering confirms their status as #1.

Cheerleaders Melody Vogt, Pam Henkener, and Janet Woprice hope to psych up the students; Bill Chester shows off his great legs; Bob Fitzpatrick and his cheerleaders get ready to entertain the crowd; Yvette Garbe gets ready to initiate a cheer.

Dawn Brennaman Crowned At Half-time

Homecoming Game

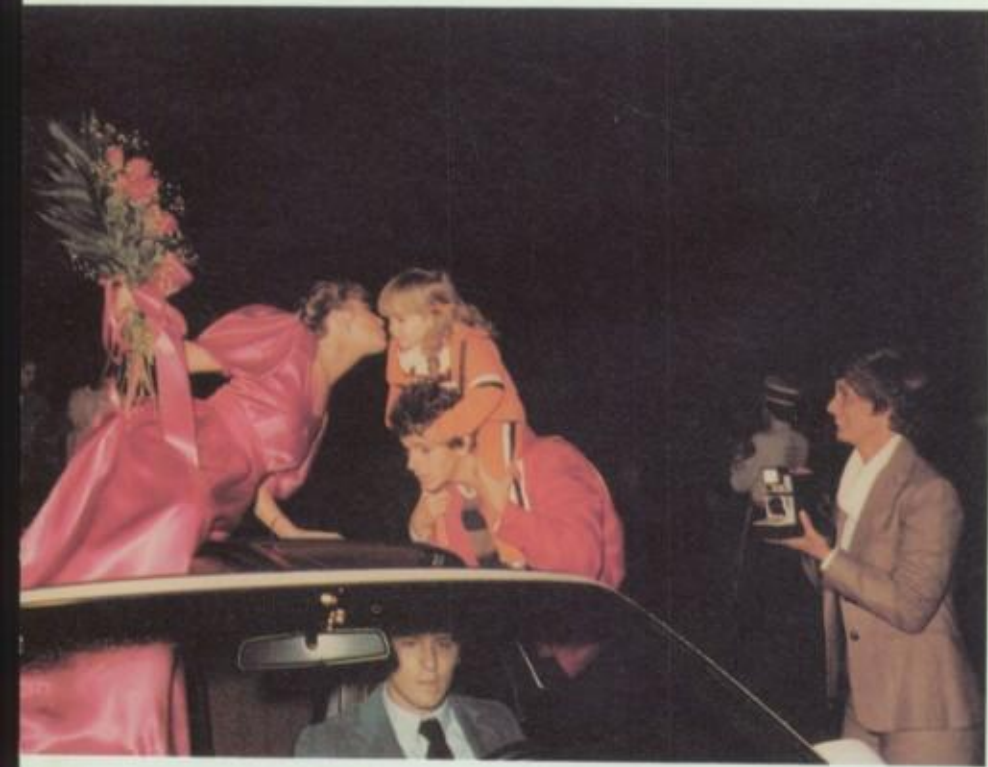

"The Monsters Are Coming! The Monsters Are Coming!" With them came all of the festivities associated with Anderson's Homecoming: pre-game parade, colorful floats, exciting football game, half-time crowning, and the annual dance.

On Friday, October 15, the Redskins took on the Mt. Healthy Owls, losing a real heartbreaker 14-13. Highlights from the game included two touchdowns from senior Shaun Burdick, one of them from a ten yard pass from quarterback

Mike Whan.

Although the football team was not victorious, the sophomores were with their "Jaws" float. A very close second and third were the juniors and the freshmen. The senior float placed fourth.

Anticipation was in the air as everyone awaited the announcement of the 1982 Homecoming Queen: Dawn Brennaman. Dawn's senior attendants in the Homecoming Court were Jenny Brefeld and Tammy Mitchell.

Jill Tummler sits atop the second place junior float; Rick Bausch and Pat Walters listen to the "Jaws" tape while waiting to ride around in the winning sophomore float; the freshmen steal the show with their well-planned "Pluck the Owls"; Dawn Brennaman takes a ride around the track; representing the freshman class are Tammy Windeler and Julie Taylor; Stacey Randall and Chrissy Harris represent the junior class.

Dawn's crowning is a joyous occasion for her family; JeNae Jones and Valerie Crow represent the sophomore class; the three queen candidates are presented to the crowd: Tammy Mitchell, Dawn Brennaman, and Jenny Brefeld; the football crowd waits in anticipation for the half-time announcement the colorful Flag Corps stands ready at the sidelines; the football cheerleaders are thrilled when fellow squad member Dawn is crowned Homecoming Queen.

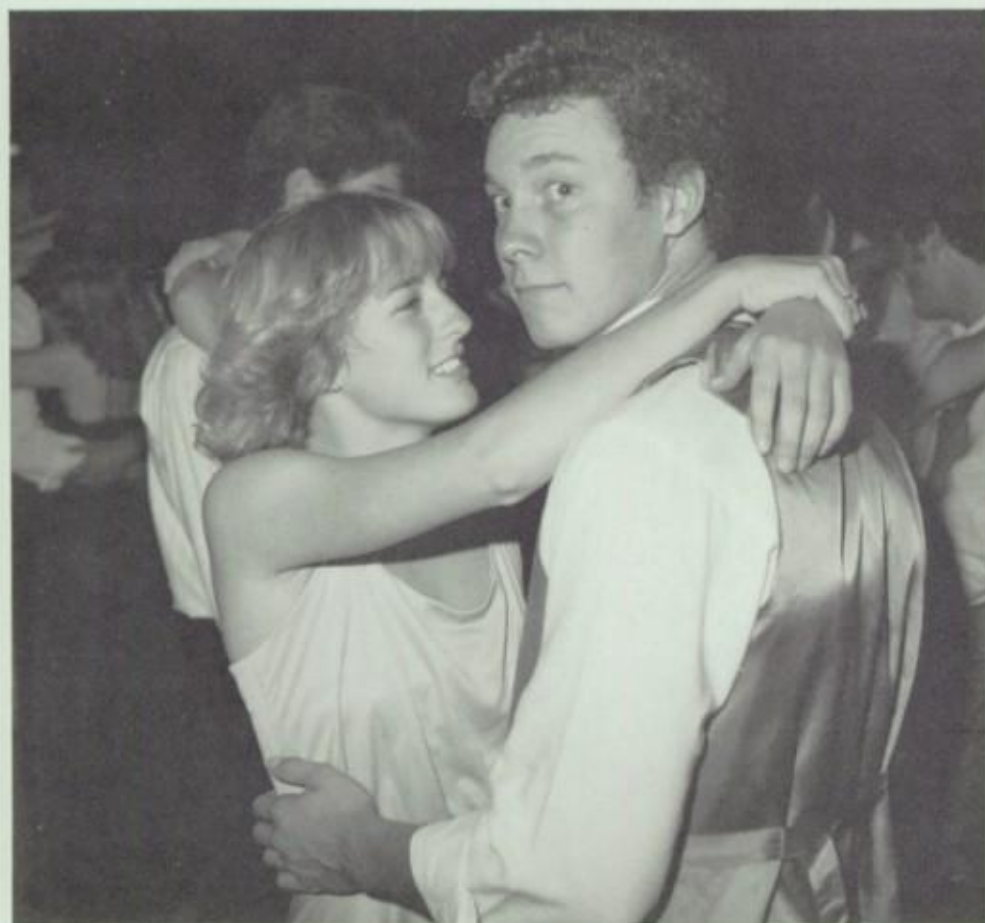

Court Presented At Dance

The Homecoming Weekend ended with the traditional dance held on Saturday, October 16, from 9-12. At the dance the Homecoming Queen, her court, and escorts were presented. The 1982 Homecoming Court: Queen Dawn Brenneman, seniors Jenny Brefeld and Tammi Mitchell; juniors Stacey Randall and Chrissy Harris; sophomores Jenae Jones and Valerie Crow; and freshmen Julie Taylor and Tamela Windeler. The 1982 Homecoming Escorts: Bryan Bitner, Kevin Dostal, Paul Dupre, Bob Fitzpatrick,

Bryan Larson, John Mederer, Mike Montanus, Steve Moore, and Scott Seomin.

Those who were nominated for this year's court are as follows: Laurie Campbell, Pam Henkener, Darla Riggs, and Ginny Waller, seniors; Debbie Bates, Jackie Campbell, Cindy Fries, Kathy Gorman, Sherri Keller, and Laura Lackmeyer, juniors; Cindy Nienaber, Beth Patton, Laura Price, and Heather Young, sophomores; Tracy Cox, Kelly Dromgoole, Cindy Ellerbee, and Katie Miller, freshmen.

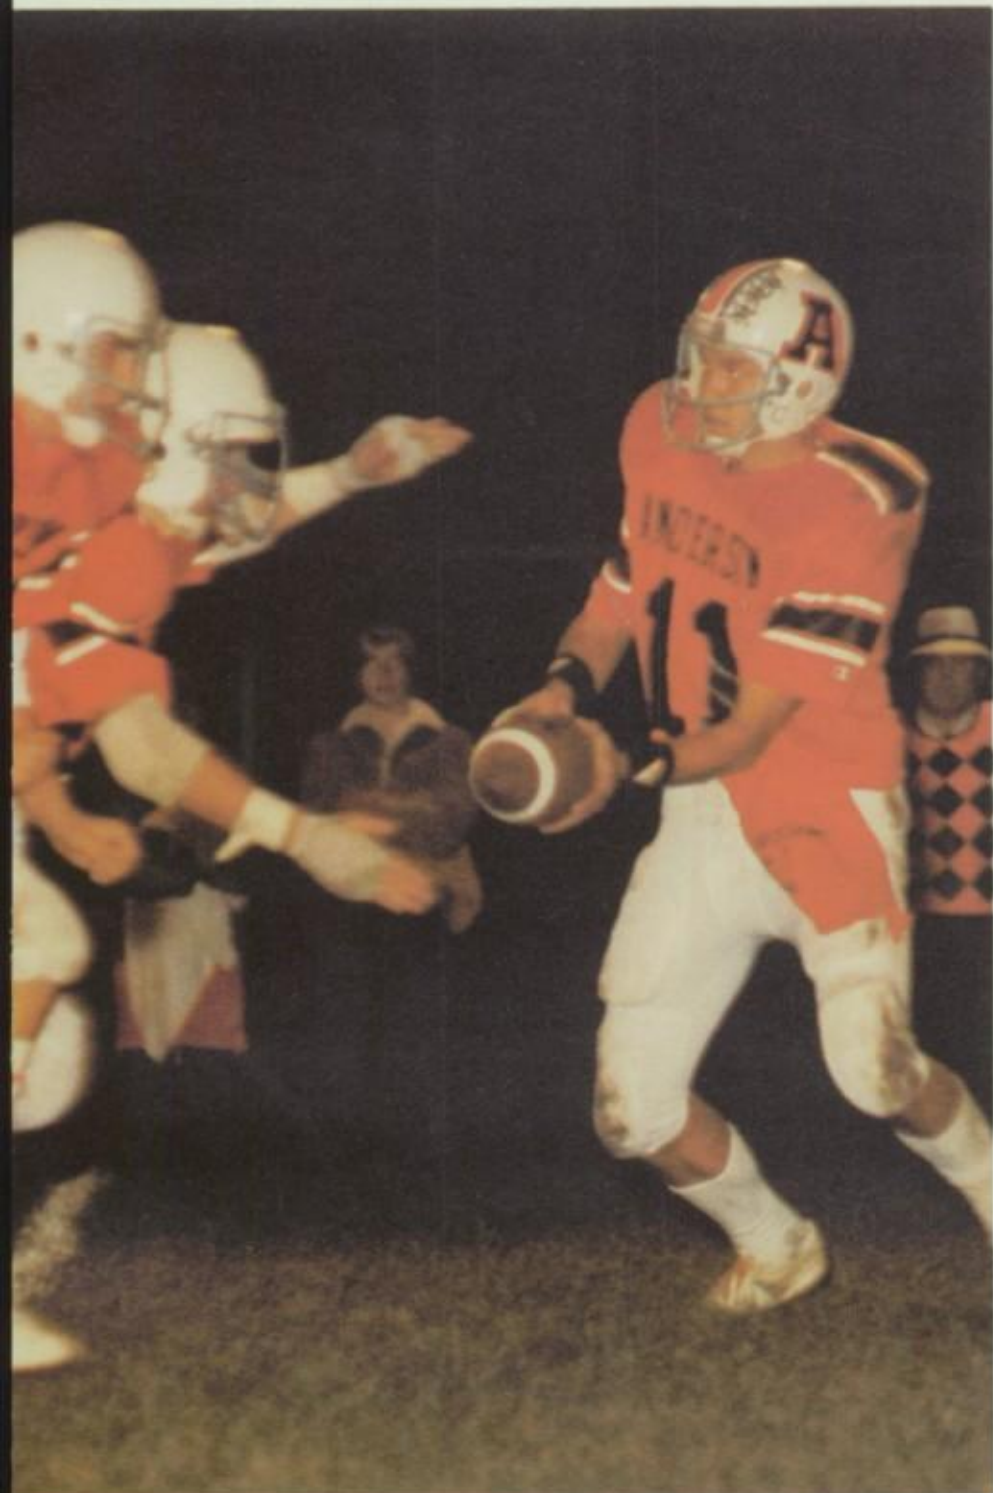

The dancing quartet includes Natalie Kendall, Angie Tallarico, Wray Perry, and Chris Thomas; Tina Iannelli may not agree with Matt Kelly's claim that the seniors are "Number One."

Daravann Ton and Kim Jones wear contrasting ties as Sandy Hartman gets caught in the middle; Jeanette Ingalls' date, Jaime Russell, seems surprised by the photographer; seniors Julie Bergdoll and Debbie Cornet show enthusiasm for the band; Molly Moore and Mike Whan enjoy a romantic evening together; Curt Kissinger is hoisted above the crowd; Beth Etienne claps for the final dance of the evening.

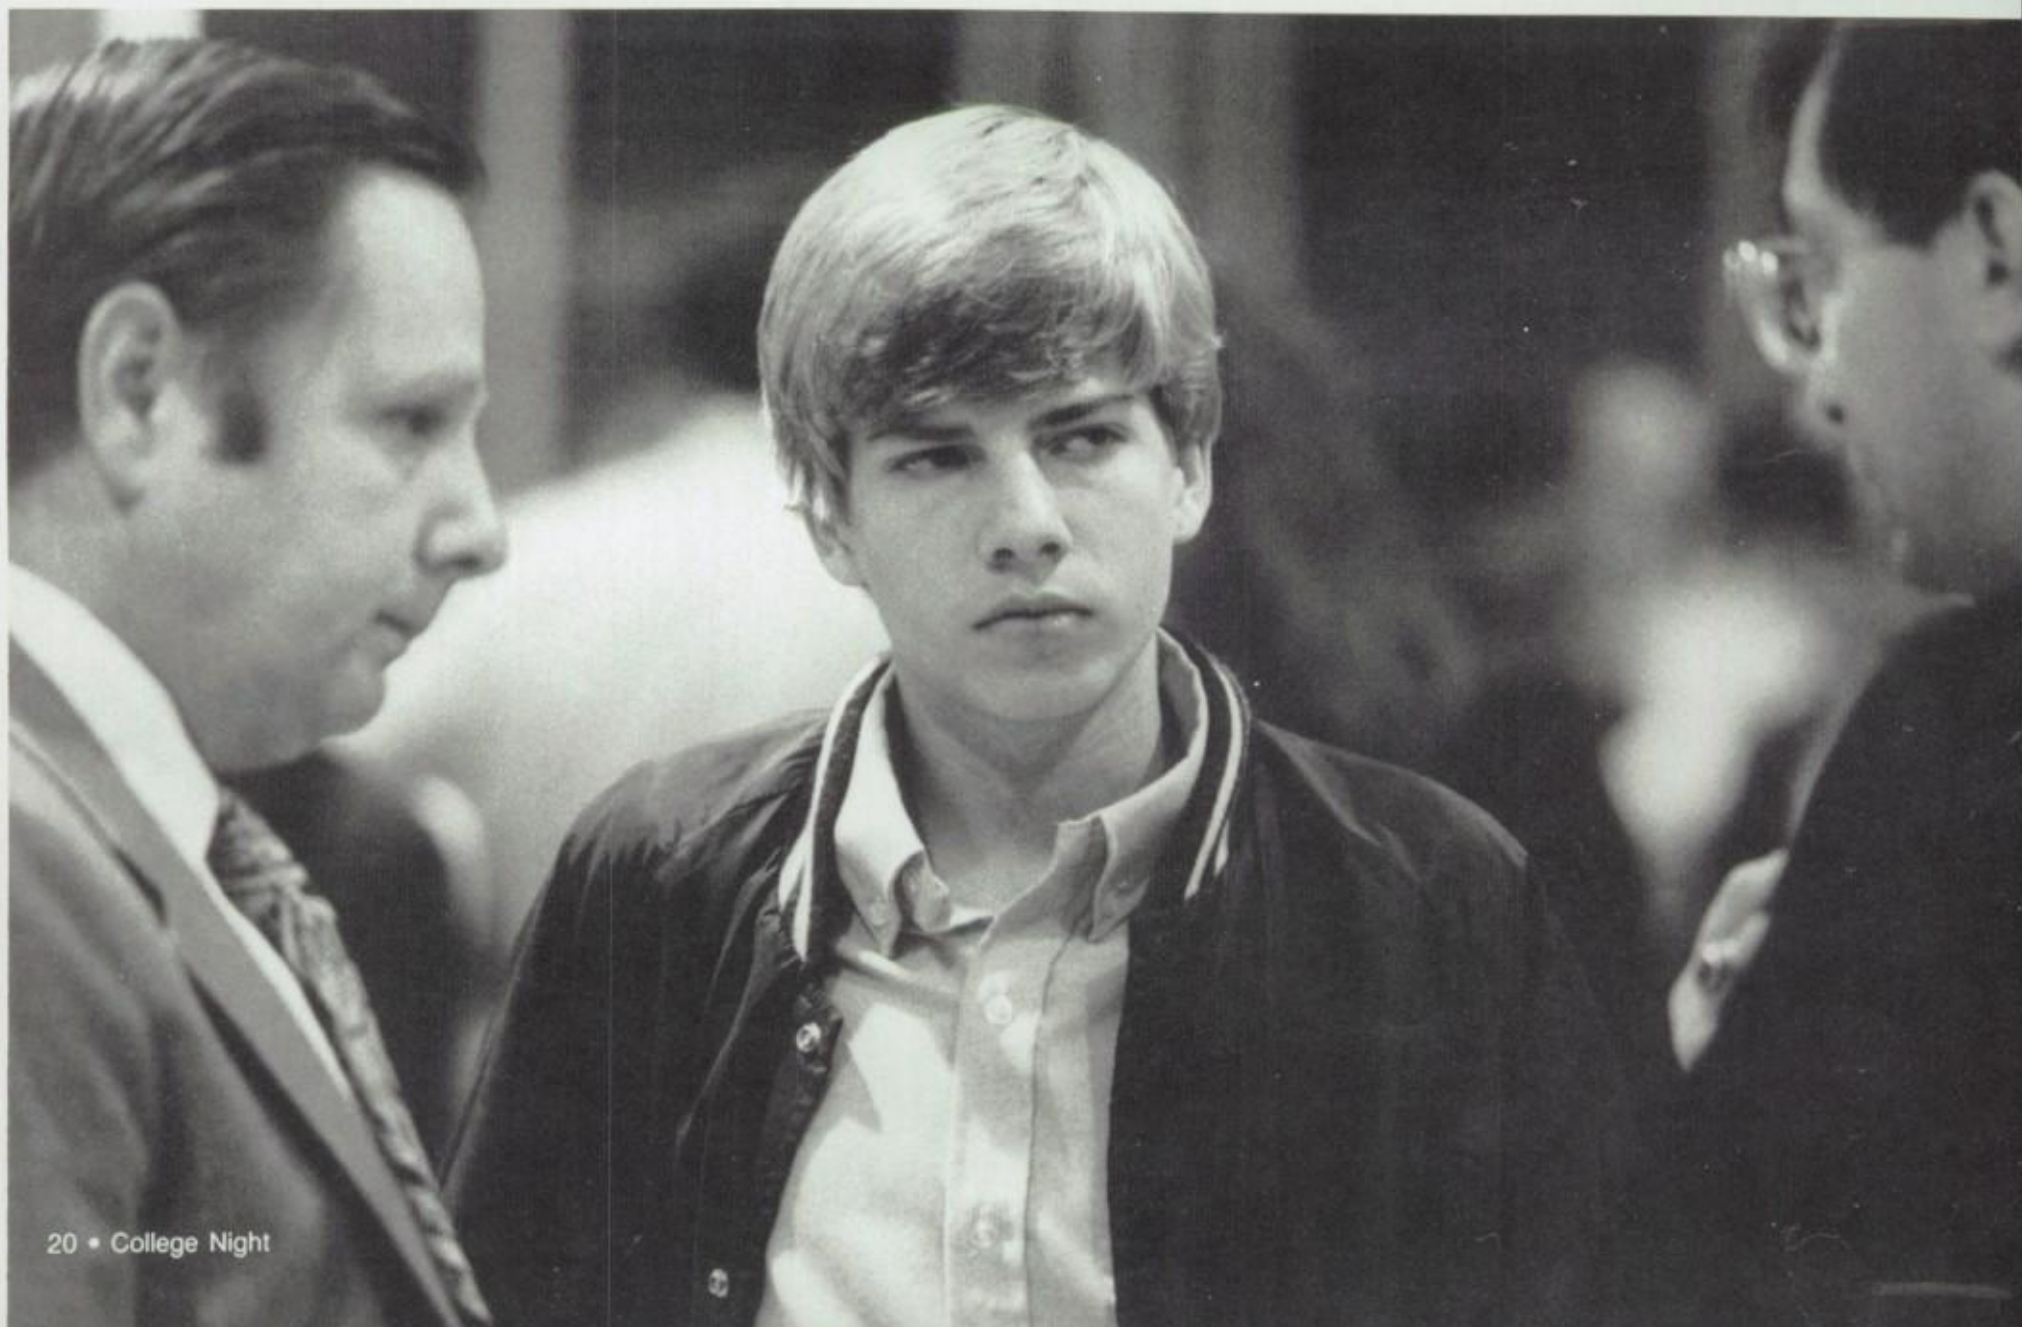

Students and Alums Enjoy the Dance

Homecoming Dance

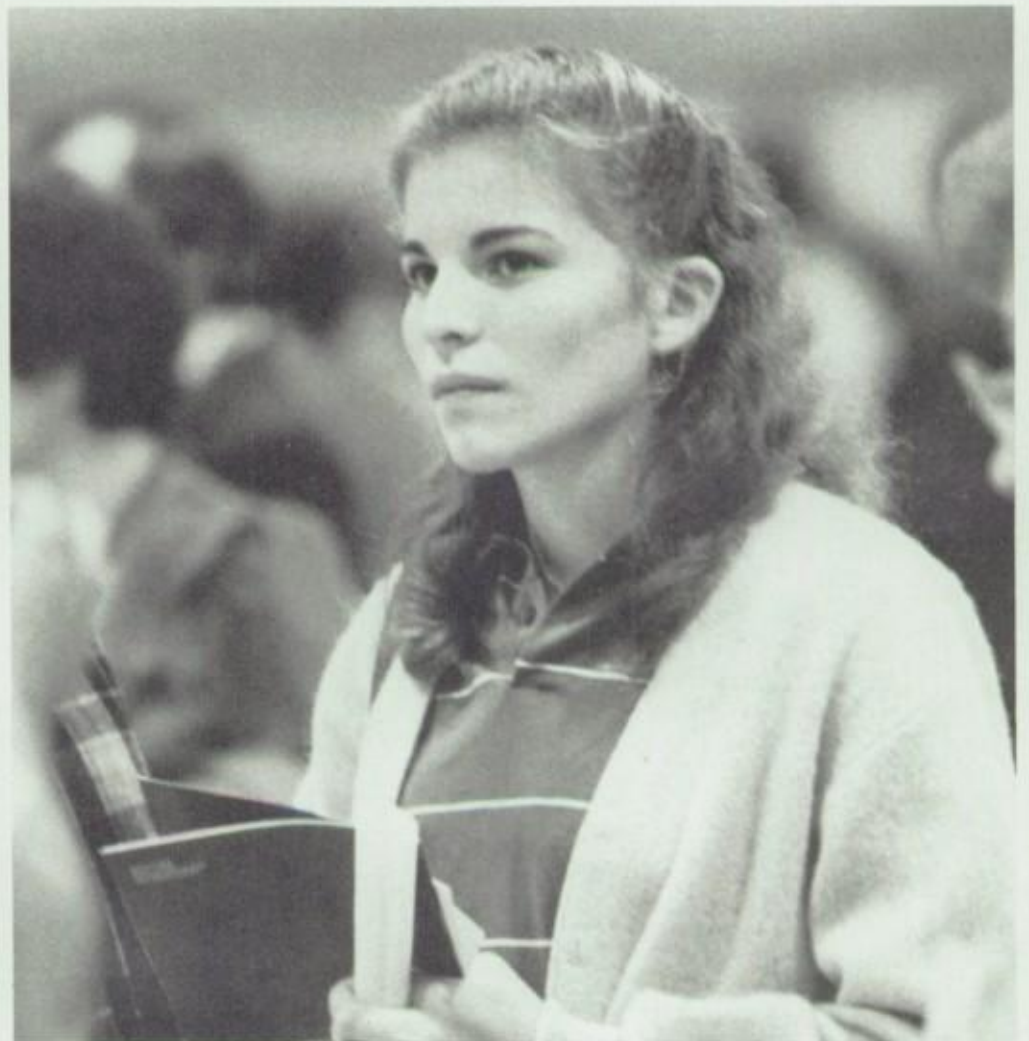

Marc Andrews applauds Mike Preide's creative use of his tie; Kevin Dostal and Laurie Campbell, Cindy Fries and John Gabriel, and Mary Ann Smith and Steve Moore enjoy dancing.

The Redskins hope for a Homecoming victory; Robert Buettner and Nicole Schofield aren't shy in front of the camera; the 1982 Homecoming Court includes (left to right) Tammy Windeler, Valerie Crow, Stacey Randall, Chrissy Harris, Jenny Brefeld, Dawn Brennaman, Tammy Mitchell, JeNae Jones, and Julie Taylor; their dates include (left to right) unidentified, Jerry Sharkey, Dan Graham, David Hayden, Terry Brennan, Bryan Larson, Mike Montanus, Randy Cummings, and Mike Zoglio.

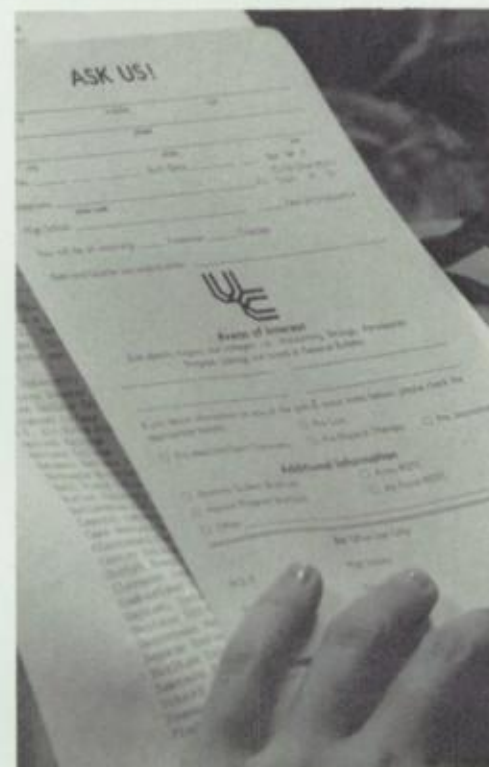

College Night

University, Bowling Green, University of Cincinnati, and many others from the tri-state area and across the nation. Students had the opportunity to talk with college representatives and collect literature which provided them with additional information.

Jeff Carr looks up Ohio University's requirements; Julie Hock and Kim Wallace express interest; with hands full of literature, Margaret Rutledge contemplates her future; University of Cincinnati is one of the many schools participating in Anderson's College Night.

Darla Riggs Crowned At "Beach Party"

Band Sweetheart

It was a cold November night with the temperature hitting the low thirties. Not a good night for a beach party, right? Wrong!

This was the night of the Band Sweetheart game, the last game of the season. The game, closely fought, was tied 14-14 as the half time buzzer went off. The band in their beach bum attire came surging onto the field, bursting through the large "Beach Party" sign stretched across the field. The crowd went wild over the Beach Boys' songs!

As the band played, the candidates for Band Sweetheart arrived. The candidates included Darla Riggs, band president and field commander, escorted by Steve Moore; Lori Jeffers, escorted by Rafe Holt; Tammy Mitchell, escorted by Bill Straub; and Patty Hoffman, escorted by Ken Van Kesteren.

The crowd was tense as the Band Sweetheart for 1982

was announced. Darla Riggs had won! The band went wild as she was crowned by Andy Ruffner, band vice-president and presented with the Band Sweetheart bracelet.

The band then formed an hourglass and the seniors, like the Sands of time, marched through the formation as their names and the senior class band accomplishments were announced to the accompaniment of "Try To Remember."

After playing the Alma Mater, the band marched off the field for the last time this season.

Although the football team lost 30-24, the dance, from 10-12, was a great success with music provided by the band Alias. Over 400 people were there to rock the night away.

Cathy Parsons won the Best Beach Bum award and Amie Kennedy was awarded this year's door prize.

Senior Darla Riggs, the Marching Band's field commander, was crowned Sweetheart during half-time; the Marching Band keeps cool with the "Beach Party" theme; the Band Sweetheart Court and Escorts consisted of Tammy Mitchell, Darla Riggs, Lori Jeffers, Patty Hoffman, Bill Straub, Steve Moore, Rafe Holt, and Ken Van Kesteren.

Dressed for the beach, the band plays summer sounds; the Redskins put points on the board; Mr. Martin seems pleased with the band's performance; Darla Riggs and Steve Moore await the big announcement.

The Man Who Came To Dinner

Junior-Senior Play

The Man Who Came To Dinner consisted of members of the Junior and Senior Classes. The comical play by Moss Hart and George Kaufman was directed by Mr. Roger Grooms. The story involves a Mr. Sheridan Whiteside, a distinguished, cynical celebrity, who is forced to stay in a wheelchair at the home of the Stanleys.

Along with Mr. Whiteside comes a bizarre assortment of characters: paroled convicts, a batty Hollywood comedian, four penguins, and 10,000 cockroaches.

Mr. Whiteside also invites a vain, illustrious actress to break up the romance between his secretary Maggie and the local newspaperman, Bert Jefferson. In the end the actress is shipped away, Maggie gets Bert, and Mr. Whiteside slips again. All is well — well, almost.

After the Anderson/McNick basketball game on Thanksgiving Weekend, the students enjoyed a "Tip-off Dance" which was sponsored by Student Council. The

Donna Huesman: 2nd Place At National Level In Twirling Competition

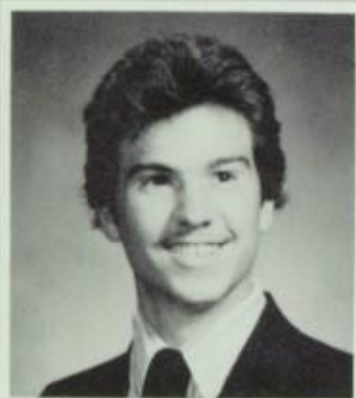

When I was seven years old, I was introduced to twirling and became a member of the Revellettes Marching Corps. After a year in the Corps I decided to go into individual competition in the United States Twirling Association. After leaving the Corps I took twirling lessons from Dale White of Xenia, Ohio.

At the age of eight I won the Primary Division at Ohio State. This influenced my decision to continue twirling as a sport instead of a past-time. I practice two hours a day during the winter and at least four to six hours during the summer in preparation for Nationals in August.

The thrill of victory and the agony of defeat has certainly applied to me in my years of twirling. Twirling has taught me to accept defeat and yet has driven me to continue to work hard to achieve my goals. I realize that nothing worth having comes easily in life, and one must dedicate herself to whatever she really desires.

In twirling competition Donna has been an Ohio State Regional Champion. At the national level in San Antonio, she placed 2nd this past year. Donna has twirled with Anderson's Marching Band for three years.

Gary Denton: Student Photographer For **Andersonian**

My involvement in yearbook photography has been an exciting part of my high school life. Taking pictures has always been a passion of mine. Ever since I started taking pictures when I was 10 years old, I've wanted to be a really good photographer. As I progressed from average to good photographs, I acquired a 35 mm camera. This is where my intense involvement in the yearbook began. As I started to take pictures for the yearbook, I quickly learned what was needed in a good yearbook photograph. This year I hope to have many of my pictures published in the yearbook.

Gary Denton has been the *Andersonian's* student photographer for four years and has taken pictures professionally for various events at the Beechmont Mall.

Accomplished Musician Genie Richardson Pursues Harp Study

I became a harpist two and a half years ago when Mr. Swisher asked me if I would like to play the harp. I learned the instrument quickly and was able to play in the orchestra after six months of lessons.

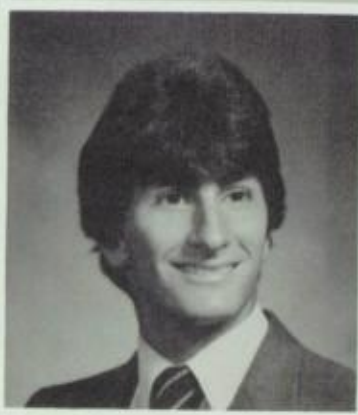

I have decided to study the harp in college. My friends and music teachers encouraged me in my harp playing because of the many opportunities I will have as a harpist. With hard work I feel that I can bring my harp playing up to par with other harpists my age.

An accomplished musician, Genie also plays the piano, flute, xylophone, and percussion. She has been a member of the Cincinnati Youth Symphony Orchestra for three years.

MARIE RITTER: IBM DISPLAYWRITER PROGRAMMER

I am planning a career in word processing and/or computer programming. My present job is at the Administration Building of the Forest Hills School District. This job has proven to be very helpful in planning for this career. I spend 90% of my time at work programming an IBM Displaywriter (word processor) in the office of Superintendent Deighan. I have attended an IBM training seminar and am planning to attend more. I also am receiving excellent secretarial training from Fran Ewing, secretary to the superintendent, who is very knowledgeable, encouraging and supportive. I am very interested in this field because of the fact that word processing and computer programming contribute to a very important part of our future and are rapidly progressing and growing.

Marie Ritter is a member of C.O.E. and the Ohio Office Educational Association.

Lisa Ritter Starts First Diabetic Support Group In The Cincinnati Area; Named "Young Diabetic Of The Year"

My involvement in the Juvenile Diabetes Foundation began about a year after I had gotten the disease, when I was in eighth grade. I had a desire to reach out and talk with others who shared my disease. I started the first diabetic support group in Cincinnati by getting the names of other diabetics in my area and setting up meetings. After I started this group, I was elected to the board of directors of the Greater Cincinnati Chapter of the Juvenile Diabetes Foundation. As time went on, I felt the need to get more and more involved. I wanted to reach out and help as many diabetics as I could. I also wanted to educate as many people as I could about the disease. This desire was what led to my trips to international J.D.F. conferences, T.V. appearances, newspaper interviews, a trip to a research lab, starting another support group, and personal

counseling of diabetics.

My desire to be so involved stemmed from the daily trials my father and I go through, the strong need for a cure, and my love of helping and working with people. I also realize how important it is for diabetics to talk to other diabetics about their disease and how important it is to educate the public on a disease about which they know very little.

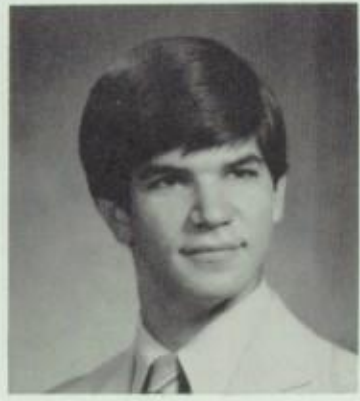

During my junior and senior years, I have become much less involved in J.D.F. due to the demands of school. I do, however, still do some personal counseling newspaper interviews, and have worked with a new group for diabetics here in Cincinnati called Association for Insulin Dependent Diabetics.

In 1981 Lisa was named the International Juvenile Diabetes Foundation's "Young Diabetic of the Year." She appeared on NBC News Today show in interview with host Tom Brokaw.

Germán Nieto Finds A New Family At Anderson

I became interested in being an A.F.S. student because my two sisters were exchange students to the U.S. I wanted to learn for myself about the U.S., its people, customs, and language.

The first week when I arrived, I was frightened and didn't know what to expect.

When I came to school, everyone was so friendly and helpful that I felt comfortable right away. Then I got to meet people, made the soccer team, and everything was great.

Before, I arrived, I wondered what my family would be like. The Lowe Family made me feel so welcome and now I feel like a real member of their family.

I will always remember my incredible year at Anderson and many thanks go to the student body, faculty, and my family for the help, the memories, and an unforgettable year.

Concertmaster Sophia Zapf: "Music Is A Very Private Thing"

Music is my life. Even though it's a cliché, I feel it sums up my feelings towards music. Without music I think the world would be boring and very silent. I became interested in music when it was first introduced in the elementary schools, although even before elementary school I was interested in it. Music is a beautiful thing to me that can make your heart soar, especially knowing that you can produce the music. I started playing the piano when I was six years old and two years later I started playing the violin. I was never "forced" into music but expressed a strong interest in it to my parents. Since I've been playing the violin, I've been in many enjoyable orchestras and ensembles and have enjoyed working with other people.

Music is a very private thing. You do it for yourself and therefore you must learn to discipline yourself to the many hours of practice and rehearsals. Currently, I am in school orchestra, chamber orchestra, Cincinnati Youth Symphony Orchestra, and jazz band.

As you can imagine, in one week I do a lot of rehearsing, and this is excluding private practice at home. The violin is my main instrument but I also play the synthesizer and the electric guitar. These are what I call my "relief instruments." The time I spend on these instruments is strictly for me and my enjoyment. I've been playing both these instruments for about a year and a half and I love them. I hope to be able to be in a band someday and I have written several of my own songs in hopes of performing them someday.

I can't really explain why I love music so much except that I do. If you put enough into it, what you receive is greater: a feeling of accomplishment, beauty, and enjoyment. It's a way for me to express myself like an artist or a writer does. My feelings come out in my music and I wish everyone could experience the pleasure of music.

Sophia Zapf has been a member of the Cincinnati Youth Orchestra for two years and was selected to the Southwest Ohio Regional Orchestra during her senior year.

Dana Harmon: Many Sports Are Her Games

I am very involved in soccer and basketball. I started playing on youth league teams, and I have played on varsity, for both sports, all four years in high school. I also play these sports in the summer-time, and for basketball, I have attended a few camps.

I really enjoy these sports because they are team sports and I must work with and rely on others in order to be successful. These sports also involve a lot of concentration and a great deal of discipline. I have also been able to meet many people and to make lasting friendships. During school, soccer and basketball involve a great deal of my time. Trying to play well and practice every day while trying to get good grades has caused me to have self-discipline in order to know what my priorities are and to attain my goals for the future.

Throughout her four year varsity career in soccer, track, basketball, and softball, Dana Harmon has received such varied awards as Rookie of the Year, Most Valuable Player, All-League, and All-City Honorable Mention.

Early Influences Lead Phil Duncan To Pursue Musical Interests

Music is practically my high school life. Being president of the Mixed Chorus both my junior and senior years has kept me involved, to say the least. Music influenced me at an early age; my mother played the piano and my sister loved to sing, so I just followed along. Singing is enjoyable to me because it comes with ease and there are so many enjoyable things connected to it, such as musicals and Show Choir. I devote a lot of my time to music and singing will probably stay a part of my life for a long time.

Phil Duncan was a recipient of the Forest-Aires Vocal Scholarship and the Jebson Vocal Scholarship. He was also named to the 1982 Ohio All-State Choir.

Shawna Mills Hopes To Live Abroad

I feel that going away for a year to a foreign country will help me grow and find myself. This also will fulfill one of my long-term goals that I have desired since I was a freshman. This is one reason why I am in AFS. Being in AFS keeps me in close contact with people in different countries; as president, I have a sense of leadership and making my own decisions. Ever since Kym Wilson went to Australia, I have wanted to go away with AFS even more. When I was a freshman and learned that Kendra Kerr went away to Turkey, I joined AFS in the beginning of my sophomore year. It is a lot of fun and a good way to meet many different kinds of people.

Shawna Mills is the president of A.F.S.

John Potter: There's No Business Like Show Business

I have very definite plans for a specific career. I want to become a professional actor because it is what I love the most. I have been planning for this career now for quite some time by trying out for and doing as many shows as I can with a great diversity of roles. I have also tried to broaden my knowledge of this field by reading as many books as I can on the subjects in my spare time. I've read plays, books on the theater itself, books on acting techniques, and theater mechanics, the technical side of things.

I have also been taking voice lessons for about a year and a half and hope to keep progressing at them.

I developed an interest in music, then in theater. I always loved listening to music when I was a child, and then I decided I wanted to take piano lessons. This started my love for music but it really didn't begin to transform into musicianship until I was a freshman. That's when I first started to become very involved in music.

Theater came sometime later for me, but now it has become my first love. In

tenth grade, I tried out for the part of Camille Chandal in "**A Flea in Her Ear.**" From that point forward, I knew that this was the thing I wanted to devote myself to doing. It's so enjoyable, but it's also hard work. I love the audiences and I love playing different characters because each character gives a little insight into myself.

My favorite role so far in a musical has been Nathan Detroit because it was the largest part I had and because the role of Nathan was fun. The character had personality and a simplistic, down-to-earth way of looking at things.

My favorite role to date in the Drama Club has been Sheridan Whiteside. He was so diabolical, you never knew what he was going to do next. His put-downs and way of looking at life and his manipulation of people were just great.

John Potter has appeared on **Juvenile Court** and **P.M. Magazine**. His final A.H.S. performance was as J.B. Biggley, in **How to Succeed in Business Without Really Trying**.

Carrie Erickson: Dedicated Athlete

When I go to college, I plan to study a double major of physical education and business with a minor in coaching. This career would enable me to operate or manage a sports center. To achieve this goal, I plan to take courses that will broaden my background in both physical education and management. My interest developed in this field as a result of my participation in athletics.

My interest in cross country, basketball and softball developed as a result of my desire to be challenged by competitive sports. My involvement in cross country began as a sophomore. Participating in cross country never occurred to me until I was approached by Lisa Graham who told me running would be a good way to get in shape for basketball. So I thought I would give it a shot. During my sophomore year, the team was small and running was pre-season basketball training for me. As time passed, I realized there was more to it than that. By senior year, the team grew to ten members, I became more involved and we went on to win the Hamilton County League Meet! I found that

cross country requires a lot of work and dedication; this includes both in and off season. A major influence on my growing interest in cross country was due to my fantastic coach, Mr. Wolf.

I began playing basketball in fifth grade for YMCA and a city league, until eighth grade when I played for Anderson Middle School. I have played varsity basketball since I was a freshman. I have a great love for basketball which causes me to work very hard. Each summer, I have attended basketball camps to improve my skills. I probably devote more time to basketball than anything else. I plan to continue playing in college. Basketball has become a very important part of my life.

Softball was the first competitive sport I played. I began in fourth grade and played in various fast pitch leagues until we moved to Cincinnati. After moving to Cincinnati, I began playing in the Anderson Township Girls Slow-Pitch Softball League. I have played softball at AHS since my sophomore year, and softball continues to be one of my favorite sports.

George Stecher Attends Physics Workshop

In the future, I hope to become a physicist. Last summer I attended the Summer Physics Workshop at Xavier University. The physics class involved five hours a day for four weeks; it was primarily a lab course. Most of the experiments were in nuclear physics, atomic physics, electricity, and optics and holography.

Andy Ruffner: Chieftain Editor

I started working on the school newspaper as a freshman and worked my way up to Editor-in-Chief. I prepared for being the editor by being copy-editor last year. I spent two hours a day, three days a week, working on the paper. I like being on the paper because it's fun to put it together and produce a great finished product.

Field commanding is one of my very favorite things. I became interested through primarily being in marching band. I enjoy commanding because, with it being a leadership position, your opinion gets to be heard. I wanted to help make the band better and to show improvements. My interest in music probably was the greatest thing that caused me to participate. Field commanding lasts from band camp in August through the end of first quarter. We practice every day, with some after school hours of rehearsal. Practicing the routine takes time and is hard work, but it is very rewarding.

— Darla Riggs

The Cincinnati Youth Symphony Orchestra is a great experience for any dedicated musician because you are with the best high school musicians in the area, and you get to know what it is like to play *real* music. We practice three hours once a week and have about five or six performances a year.

MUSIC IS MY LIFE!
— Nicole Schofield

This summer, a friend and I were candystripers at Children's Hospital. We worked eight hours a week at the hospital. Usually, we fed babies and children in the mornings, and, in the afternoons, we worked in the children's convalescent ward. At this time, we would play with the children and help them with crafts. I enjoyed this because the children really appreciated attention, and helping others made me realize just how fortunate I am to be in good health. I hope to be able to do this again next summer.

Through candy stripping and working at a pediatrician's office, I currently am preparing for a career in medicine, either as a nurse or a pediatrician.

— Brenda Bradley

I became interested very early in playing a musical instrument. I began in elementary school and have played ever since. I have met many of my closest friends through my musical career. I enjoy very much playing in orchestra. I am not sure that I will pursue my music in college, but if it is half as rewarding as my past experience, I am sure I will.

— Amy Berwanger

When I was in seventh grade, I started teaching gymnastics to pay for my own gymnastics lessons. I really enjoy teaching the children. When they found they could do something, their reactions were very fun to watch. I have also been able to judge a couple of informal gymnastics meets.

— Beth Osborne

I've been involved in Chorus since the fourth grade, piano since second grade, and have been studying voice for about a year and a half now. The interest in this field came naturally when I was a little girl and ever since then, I have strived to do the best that I possibly could, and still do. I enjoy music because a lot of my friends are into it and I can use it to take up my spare time! Whether it be playing the piano, singing, or both, it's always fun to do.

— Debbie Cornet

I have been involved in many activities during high school. Two activities which I have enjoyed greatly are being captain of the cheerleaders and being on McAlpins Teen Board. Cheerleading has many advantages. It is a sport which supports the school and the athletic teams. It also brings out leadership and gets everyone involved in school activities.

McAlpins Teen Board is a community activity which involves the entire community besides the schools. The board helps needy children and the elderly and gives the opportunity of meeting people and getting involved with others. I enjoy both of these activities and therefore make time and give the effort to make these activities the best as possible.

— Pam Henkener

My sister got me interested in becoming an exchange student. She was in Pennsylvania three years ago and she really liked it. I think it is good to be away from home for a while. I have learned a lot. Many times I must decide things by myself and cannot ask anybody. I really like it here and I have met a lot of people. I will miss everyone when I go back to Sweden. Sometime, when I have enough money, I hope to come back and visit all the people I have met here. That is for sure!

— Maggie Bjorkland

I have been the varsity punter for three years. I played this position because I got a chance to start and I wanted to play. I've always liked punting and I've spent about 45 minutes during the summer practicing punting and kicking; I also attended camp. I became interested in punting the first time I saw a punt in a football game. I had played soccer for six years and could kick a soccer ball pretty far; I just applied those skills into the skills needed to punt and kick a football.

— Shaun Burdick

Right now, I am interested in a career in reproductive technology, such as embryo transplants, to save endangered species around the world. I have met Dr. Betsy Dresser, who currently does this sort of work for the Cincinnati Zoo and King's Island's Safari Park, and it seems like a fascinating and worthwhile career. I have been interested in animals since I was very young, and I have worked with cattle and horses since I was twelve. I became interested in breeding through my bosses at Long Branch Farm when I was teaching there, and a friend of mine just became a veterinarian, specializing in large animal breeding.

I have always enjoyed writing, and I often write for relaxation as well as for school assignments. I also work for a community newspaper, the *MT. WASHINGTON PRESS*. I do proof-reading, copy editing and other tasks involved in the newspaper business. My work involves approximately ten hours per week.

I have also belonged to the *Spectrum* staff for four years, and I had a story printed in the 1982 *Spectrum*. This story was the one I submitted to the NCTE competition. The award was based upon this story and an impromptu essay that was submitted.

— Elizabeth Woolf

I enjoy backing the A.H.S. athletic teams; that's the reason for my interest in spirit boosting. I enjoy dressing up in my orange and black costumes and showing my spirit. I have a lot of fun and try to go to as many athletic events as possible. Being emcee is a lot of fun. First, it makes me feel good that the faculty picked me to do this service. Second, I try to make them happy that they chose me. I emcee the pep rallies and the girls' basketball games. The main reason I became interested in this is because I have the opportunity to meet a lot of good people.

— Randy Corbitt

After graduation I plan on going on to art school to be a commercial artist, leaning toward fine arts. I'm now working on finishing my schooling. I've always had an interest in art, but not until my freshman year did I foresee an art career. Mr. Kraus influenced me a lot by showing me my capabilities and helping sharpen my skills. I enjoy art because it is a way for me to express myself.

— Rodney Norman

Drama, for me, has always been pretty easy, yet exciting. I always hoped to be on stage someday. Sometimes it's just easier to be up on a stage in front of a full auditorium, acting as someone else, than to express one's own emotions in everyday life. Perhaps it's "safe", not just fun, to hide behind a character and be someone else for a while; it's a type of escapism.

I am involved in several community theater groups, the Drama Club, plays, and Forest Hills musical productions here at Anderson. My involvement takes a lot of time during a production. Line memorization, musical numbers; memorization and physical health are all parts which are important to the success of a play or musical. Knowing "what to do when" on stage is obviously important.

My favorite role in high school is probably Mr. Beverly Carlton in this year's "The Man Who Came to Dinner." Carlton is a womanizer and makes fun of everyone. He's a conceited, jet-setting ego-maniac who thought he was God's gift to the earth.

— Scott Seomin

I started twirling flags when I was seven years old for Forestettes and was almost born with a baton in my hand. I've taken private lessons for baton and rifle and I have twirled in parades, as a solo and in bands.

— Renee Bussman

Debbie Simone, Mark Wolfson: Soccer All-Stars

My soccer career began 11 years ago, the result of wanting to follow in my sister Karen's footsteps. For the past five years I've played year round. I have participated in a number of trips to Canada, Indiana, and throughout Ohio for tournaments, and I particularly enjoy the opportunity to meet girls from other cities. I have helped coach and have been head coach for young girls' teams; I have evaluated try-outs for a spring-select team for '83.

I enjoy soccer as an activity that I feel I can do well — something that is special to and about me. I like the sharing with others, the chance to work hard during practice, and then the satisfaction of watching the results of that practice during a game. Along with the many hours of after-school practice, plus games, I have always made a personal effort to either work individually or with a friend or teammate on any skills that needed improvement.

Debbie was the co-captain of the Girls' Soccer Team this year. She was named Best Defensive Player in '81 and '82 and was named Most Valuable Player in '82. Debbie was given the title of "honorary captain" in the Hamilton County League and was named to the All-City First team and the All-State First Team.

I've played soccer for 10 years, playing fall and spring soccer every year. In the winter I play indoor soccer.

Coach Robert Philpott has been a big help to me with soccer.

Mark Wolfson has been one of Anderson's most outstanding soccer players. Playing varsity for three years, Mark was the captain and Most Valuable Player his senior year. He was honored twice by the United States Achievement Academy. He was elected to the Hamilton County All-Star League: honorable mention as a sophomore, 1st team his junior year, and 1st team his senior year. Junior year he was selected 2nd Team All-City. Many honors were won by Mark during his senior season: *Cincinnati Enquirer* Soccer Player of the Week, *Cincinnati Enquirer* Soccer Player of the Year, All-City 1st Team, All-State 1st Team, and All-Midwest 1st Team. Mark is currently Anderson's scoring leader with 56 goals.
